

## **HNC Social Services Distance Learning**

### **Frequently Asked Questions**

#### **1. How long is the course**

The course runs from February 2026 until February 2027 (date to be confirmed).

#### **2. How often do I need to attend course delivery**

Students have 1 full day on Campus every 6 weeks (on a Wednesday in our Alloa Campus), where they are introduced to the Units they will be working on and the assessments. For those students who live further afield, these sessions will also be broadcast live and will also be recorded, this is done live on Microsoft teams (information on how to join this will be made available once enrolment has been completed).

#### **3. What is the difference between the full-time HNC and the distance learning model**

The full time programme involves 2 days in college (on campus and online delivery) and 2 days on placement. The distance learning model is designed for those already employed in a health or social care setting and due to their work experience can manage the course more independently and therefore less time is required in classes.

#### **4. What support is offered**

There is Lecturer Support available to all students every Wednesday by appointment each week, in between the on campus sessions.

In addition to this, the College offers support from Learning Development Workers, who offer various types of support for your studies.

- Your employer must agree to you being released for on Campus sessions
- Employers must be in agreement for Lecturers to visit your placement as part of the SVQ element of the course. (If you already have your SVQ level 3 in Social Services and Healthcare then you will not need to undertake the SVQ component of the course, we will check that the unit codes match the unit codes within the HNC Social Services program)
