

UKSPF ELIGIBILITY AND INFORMATION

All candidates or organisations must have an address located with the Falkirk Council Municipal Area.

FOR ORGANISATIONS

Organisations with at least one employee and a maximum of 250 employees can claim funding for training.

Complete the [UKSPF Business Registration form](#) to apply with Falkirk Council.

FOR SOLE TRADERS OR INDIVIDUALS

Sole traders or individuals employed at a larger company, that has not separately claimed funding for their training, can claim funding for training.

Complete the [UKSPF Wizard Candidate Details Form](#) to apply with Falkirk Council.

There is no specific cash value limit for the training, but this only covers one qualification per individual. However, this qualification can have multiple components if required. The bundles in the table below are an example of this but they can be adjusted if required to ensure candidates only attend the relevant training.

Candidate details, completion information and certification will be shared between Forth Valley College and Falkirk Council.

The following courses are eligible for funding:
