For children between 2 and 5 who have not yet started school, have you made arrangements to use free council entitlement hours before applying for college childcare funding?

Depending on your circumstances and the age of your child/children, you may be entitled to government funded childcare hours. Housing Funds

If you are applying for housing funds, make sure you answer this question.

Please note that the College will only pay housing funding for costs related to the property you are living in while attending college. See the Student Funding Guide for more information.

What type of housing costs are you responsible for?

Mortgage – this is if you are either a named person on the mortgage for the property. Or if you are named on the Council Tax and the residence is subject to a Mortgage Agreement.

If you are paying digs/have no formal rent agreement, you will not be eligible to apply for housing funding from the college. If you live at home and are paying 'digs', this is also something we won't pay out for. Selecting this option will mean that the evidence will not be generated on the application.

If you are submitting a private tenancy agreement, we will check the landlord's registration against the Scottish Landlord Register. We cannot make any payment towards properties that are not registered.

All Awards Complete	Your application has been assessed and you have been awarded all funds that you are eligible for.
Not Applying	You are not applying for any type of funding from the college.
No Award	Your application has been assessed and you are not eligible for funding from the college.

Award Status

The next section breaks down the status of your application for each fund. This is because the information and evidence requirements can vary between each fund and we may be able to assess and award some funds while your application is still in progress.

Award Status			
Below is the different areas you have applied for fundi	ng and their status		
Award	Applied	Eligible	Awarded
Bursary	\bigcirc	(i)	i
Travel Expenses		(i)	i
Study Materials Allowance	②	(i)	i
Childcare Support	②	(i)	i
Housing Support		i	(i)

Applied

The first column will have green tick next to each fund you have applied for.

Eligible

Green Tick – your application for that fund has been completed and you are eligible to be awarded that type of funding.

Red Cross – your application for that fund has been completed and you are not eligible to be awarded that type of funding.

Blue i - your application for that fund is not fully completed or has not yet been assessed by Student Funding.

Once you have been assessed as eligible to receive support from a fund, we will then calculate how much funding you are eligible to receive.

Awarded

The final column will show the status of your award for each fund.

Green Tick – your award for that fund has been calculated.

Red Cross – your award for that fund has been calculated and your circumstances mean that no award is payable. (This is usually due to your household income amount.)

Blue i - your award for that fund has not yet been assessed by Student Funding or is pending further information.

Evidence Required

In this section, you will see the evidence we require, listed by the subject of the evidence (e.g. the applicant, parent(s) and/or spouse/partner). It is then categorised by which type of means assessment or eligibility your evidence falls under.

Birth Certificate or Driving License or Passport @

For each evidence requirement, you will be able to upload a digital copy of your evidence.

In this column, you will see the evidence which needs to be submitted. The evidence listed is based on the information you have entered into your application. If there is an evidence requirement that you think shouldn't be listed, please contact Student Funding so it can be reviewed.

Once an evidence requirement has been submitted to Student Funding, a green tick will be shown next to it.

Student Funding may also request additional evidence that is custom to what you have entered into the form. If additional evidence is added, you will be notified of what this is and the notes on the application will be updated to advise why this has been requested.

Sample

If you click the Sample button next to an evidence requirement listing, you will be able to view examples of the type(s) of evidence we can submit. Please note that these are not exhaustive examples, and your copy of documents may look slightly different.

If you are having difficulty accessing or providing evidence for your application, you can contact Student

Funding for more information.

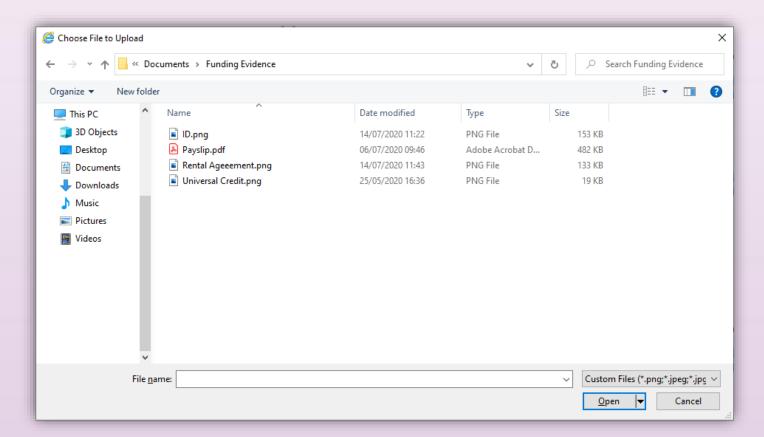

Upload

If you click the **Upload** button next to an evidence requirement listing, a window will open which will allow you to upload a document.

You <u>must</u> wait for the page to reload after uploading <u>each</u> piece of evidence to avoid any technical issues.

You can either upload an original document, a clear photo of a document or a screenshot. The application will only allow you to upload specific types of files: images (.jpg, .png or .gif) or PDFs.

If you have multiple files to upload for one piece of evidence, you can do so by clicking the **Page 2 +** button. You will be able to follow the above process to include additional files, up to a maximum of 5 files. If you require to submit additional documents or files, please email Student Funding to ask for space with your additional evidence.

To view a file you have uploaded, click on the **View (1), View (2) etc.** button(s). This will open your file in another tab on your browser.

If you have uploaded a file to either the wrong evidence requirement or if the file you have uploaded is incorrect **you will not be able to delete it**. You will need to contact Student Funding to have it removed. You can do so by emailing us at funding@forthvalley.ac.uk and making sure you include your Student ID in the email and the details of which file(s) needs to be moved or removed. Please note that

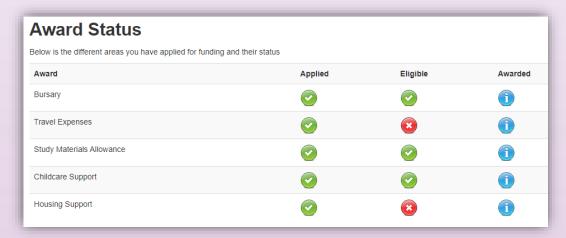

we are unable to accept any evidence via email and should be directly uploaded to the application unless otherwise advised.

Once you have submitted all of your evidence your application status will be updated to show that Evidence has been received.

Once you have submitted your evidence, it will go into a queue to be reviewed. Once it has been checked and verified, it will either be accepted or it will be removed. If there any issues with evidence, your application status will remain at **Evidence Outstanding** and a note will be left on your application with further information and any requests for you to action.

Depending on the application, additional evidence may be requested that is outside of the categories listed on the application. Student Funding will advise on the notes of the application of such additional requirements and provide additional space to upload these documents.

Once all evidence has been verified and accepted, your application status will be updated to show which funds you are eligible for:

At this point, your application will be complete and will progress to the award stage.

If you have any questions or queries, please contact Student Funding at funding@forthvalley.ac.uk.

Please ensure you include your Student ID number in any emails, so we can assist you.

Award Letter

Once your application and evidence has been checked by the Student Funding team, it will then be sent to the Senior Student Funding Officer. It will then be double-checked and your award will be calculated.

Once your award has been calculated, you will receive an email prompting you to log back into your application. When you do so you will notice that there is a new page: **Award Letter**. When you click onto this page, you will be able to view your award letter and payment schedule.

You must log into your application and accept your offer of award and conditions of payment. Failure to do so will result in your funding not being released until you to do so.

Student Details

At the top of your award letter you will see your name, student ID number, address and the course you are currently studying.

If your personal details change or if you transfer to another course during the year you will need to notify Student Funding so we can review if there are any changes to your funding eligibility. Failure to do so can lead to overpayments which will be recovered by the college.

Contributions

The next section shows the amount of funding you will receive on a weekly basis. It is split up by the type of funding.

Contributions								
Fund	Weekly Payment	Student	Parental	Spouse/Partner	Net Weekly Payment			
Bursary	£	-£0.00	-£0.00	-£0.00	£0.00			
Travel	£19.00	-£0.00	-£0.00	-£0.00	£19.00			
Housing	£0.00				£0.00			
Dependant Allowance	£				£			
Fund			Award					
Childcare								
Study Material			Yes					

Weekly Payment

The first column shows the maximum weekly funding available to you for that particular fund. If you are not eligible for, or have not applied for a particular fund, it will show as either £0.00 or blank.

Student, Parental, Spouse/Partner

The next 3 columns show any deductions that are made to your total award due to means-testing contributions. This can be due to either:

- Specific types of income received by you (the student)
- Household/Parental income
- Spouse/Partner income

For further information on means-assessment and how it is calculated, you can read the **Student Funding Guide 2025-26**.

Net Weekly Payment

The final column shows the amount(s) you will be eligible to receive weekly after the deductions have been made.

Fund/Award

The section under this shows funds that are not allocated as monetary amounts to be paid to you. If you have been awarded **Childcare** and/or **Study Materials** funding, it will state **Yes.** You will also see that the award letter will have childcare start and end dates. This the duration for which you are awarded Childcare Funding. We will only be able to pay providers for the time they claim for within these dates.

Fund	Award	Start Date	End Date	Weeks
Childcare	No	19/08/2024	06/06/2025	42

Payment Schedule

The next section of your award letter is your payment schedule. This shows the dates you will be due to receive payments and the details of each payment.

Payment Date

This is the date that any payments due to you will be paid into your bank account. All payments are made on a Friday, unless there is a Bank Holiday when it will be paid on the Thursday.

Period From, Period To

The first two columns show the attendance and engagement periods. Funding payments are made on the basis that you are complying with the college Attendance and Absence policies and that you are engaging with your course. For each payment, there is a period that the college checks.

For further information on this, please see the college Absence and Attendance Policy and Engagement Policy documents.

Bursary, Travel, Housing, Total

The next columns show the breakdown of payment(s) due on each date by the type of fund. Please note that some payments are for 1 week and others are for 2. This depends on how many academic weeks are in each period.

Notes

This column details any college holidays which will affect you're funding. Please note that for some funds you are not eligible to receive payments for weeks where the college is closed due to a holiday.

Total

At the bottom of your payment schedule you will see a total amount awarded for each fund you are eligible for.

Declaration

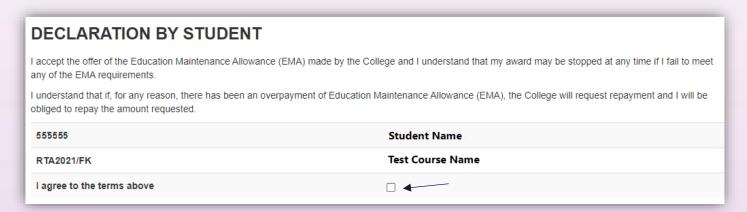

At the bottom of your award letter are a few pieces of important information. Ensure you read through this and access any links for further information. You will also find a declaration that you must read and agree to by checking the "I agree to the terms above" box located at the bottom of the award letter. Please ensure you do this as soon as possible.

There is also an option to **print and/or save** your letter should you require a copy. Your award letter will be viewable on this page of your bursary application at any time should you need to refer to it.

EMA Agreement

If you have been awarded EMA Funding you will need to agree to the terms and conditions of this fund. You will not be eligible to receive any EMA payments until you have done so.

Once you have read through the agreement you will see the Declaration section.

You 'sign' your declaration by ticking the box where it says I agree to the terms above.

Once you have signed your agreement, it will be added to a queue for a member of the Student Funding Team to check and verify. Only once this is complete will you be eligible to receive EMA payments. You should therefore sign your agreement as soon as it becomes available and you have read through it carefully.

Childcare Award Letter

Once your application for childcare funding has been awarded, your provider has submitted their claim form and we have reviewed and awarded the claim - your funding application will show a new 'Childcare Award' Tab.

This will show you exactly what your childcare provider(s) have been awarded for your child/ren and when they will receive payments. This has been added to our application to show transparency between your provider and the college.

To generate your childcare award letter, please select **View Award Letter**. You can download your award letter by clicking **'Save/Print'** further down the page. If you have more than one provider and/or more than one child, select the award letter that you would like to view one at a time.

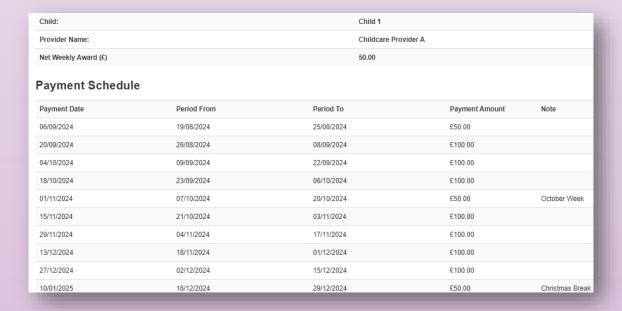

Please note: throughout the year, changes may occur that result in multiple award letters being issued to you. Each additional award letter will reflect the additional costs associated with these changes, rather than providing a single, updated award letter.

• Ad hocs will be shown on a separate award letter.

If there is an increase or decrease in costs:

- The original award letter will be updated to show an end date.
- A new award letter will be issued to reflect the new amount going forward.

At the bottom of the page you will find a reminder of conditions of payments and information in regards to free hours and ad hoc claims.
